He and Ross have not connected, they are set to do that next week.

I'm not sure if EPA will be included on interagency review for the ISDS provision, but I will check.

Subject: NAFTA & ISDS Follow Up

Sorry, I fully blame Hilary for distracting me by talking about my awesome new candle!

I was writing to follow up and 1) thank you for the call with Mr. Gerard last week, I heard it went very well and was curious if there was any feedback if Administrator Pruitt had a chance to connect with Secretary Ross yet.

And 2) we understand that USTR is circulating a weakened ISDS provision in hopes to get interagency prior to this next round of negotiations taking place here in DC (well, Crystal City). We are encouraging agencies to oppose any proposed weakening or changes to the current ISDS.

If you have any questions, or want any additional info, please let me know.

Thank you,

Brian
