DUPONT PAINTS

Stays brilliant white as it protects!

DU PONT HOUSE PAINT

cleans itself!

HOW DU PONT HOUSE PAINT CLEANS ITSELF.

1. All paints collect dust and dirt during the first few months, as shown by this magnified cross-section.

2. With Du Pont House Paint, a microscopically fine white powder forms after a few months on surfaces exposed to sun and weather.

Stays white, stays white—as it protects! From the

Oakland Tribune - Apr. 27, 1952 sec. A p. 30

cleans itself!

Stays white, stays white—as it protects! From the very first brush stroke and on through the years, Du Pont House Paint keeps your home looking its best... gives complete protection against rust, rot and decay. That's because Du Pont House Paint, unlike ordinary paints, is scientifically formulated to *clean itself*!

Sheds dirt, stays bright... through "self-cleaning"—With every heavy rain, Du Pont House Paint renews its original brilliant whiteness through a scientifically controlled "self-cleaning" process. Normally, this process begins within a few months. On surfaces sheltered by projecting eaves or heavy shade from normal exposure to sun and weather, in areas where the atmosphere is smoky, or on surfaces stained by copper or bronze, this "self-cleaning" action may be delayed or even prevented from taking place.

Goes on fast and easy... saves time and money—Special oils have been added to Du Pont House Paint to make it brush on faster and easier than ever before. Remember, the paint itself is the smallest part of the cost of painting your house. Make sure you get the paint that keeps your home looking its best for years. Get Du Pont House Paint—in white or popular "self-cleaning" colors. It's today's best value! (And for real two-coat economy, start with Du Pont House Paint Primer if the surface is new wood or badly weathered old-paint film.)

months, as shown by this magnified cross-section.

3. Rain wash off this powder—and with it, much of the accumulated dirt and grime.

few months forms after a few months on surfaces exposed to sun and weather.

4. Self-cleaning keeps surface clean and white... keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

FADING

no problem now!

Du Pont DULUX Trim & Shutter Paint is years ahead of ordinary trim colors

Your freshly painted house needs a color accent—and that's where DULUX Trim & Shutter Paint shines! It goes on easily, dries fast, to a glossy finish with superb resistance to fading, mildew and discoloration.

Black \$2.22 Quart
Red, blue & maroon \$3.03 Quart

NEW DU PONT CEMENT & STUCCO PAINT

... White stays White ... Colors stay Bright!

• Fortified with DULUX resin and special oils to seal out moisture that causes crumbling and cracking. Save costly repair bills!

• No elaborate preparation—it's the ready-to-use, smooth-flowing, all-type paint for stucco, cement, concrete, plaster and brick.

• Comes in vibrant "Sunshine Colors" that give long-lasting protection... stay bright, beautiful. Also a brilliant "self-cleaning" white.

• Just one coat retards moisture penetration... preserves the original texture of the surface... and guards the internal structure from rot.

Save the Surface and You Save All!
