Attention: Mr. Carl A. Gnam
Miscellaneous Metals and Minerals Div.

Dear Mr. Gnam:

Reference your letter of 2 December 1968, I regret that I have not answered this letter, but I have been out of town.

I think the matter of the improvement in the specification for the handling and storage of asbestos fiber to provide greater health protection to the personnel involved should be a matter to be taken up with the Air Hygiene section of the Asbestos Textile Institute as well as the asbestos miners. I will let the people involved know about this, Carl, and hope that I may have some information for you in the near future.
