New York 5, New York

El Paso CD5136, N.Y. 14940

Dear Sir:

Mr. Marriott forwarded your wire advising Havens Steel Co. quoted \$835 additional cost to cover substituting Asbestone for 20 gauge corrugated steel.

This is much better roofing than the Plastipitch or Aluminum for which they quoted a lower price, consequently we wired Havens as follows:

"Re our order 14940 authorize you use Asbestone covering at extra cost \$835."

Yours very truly,

C. C. BURT
