Subject: Formula 438

Dear Roger:

This is to authorize the use of formula 438 to replace formula 64 in the brake linings we buy from you due to the Toxic Substance Act which is being enforced by OSHA. We are in the process of changing our drawings to now specify formula 438 instead of 64. Until the drawings have been changed, please use this letter as your authorization to ship brake linings with formula 438 where it was previously specified to use formula 64.

Sincerely,

Mimi Bernard
