Subject: Asbestos Additive - Joint Cement Products - Akron, New York Gypsum Plant - Violation of Order CR 12-16

Gentlemen:

In response to a meeting conducted at the office of the Assistant Industrial Commissioner, New York Department of Labor, on April 13, 1973, and concerning the above subject, I am enclosing the following information, proposal drawings and required fees:

1. 1 Copy Ea. - Form IH-212, "Application for Approval of Exhaust System Plan" for the proposed dust collection system to arrest airborne dust at the joint cement bag packer.

2. 3 Copies Ea. - Drawings #1 and #2 "Dust Collecting System for Bag Packer (Fan System #10) prepared by Mr. E. E. Harvey, P.E.

3. 1 Ea. - Georgia-Pacific check in the amount of $30.00 for the examination of exhaust plans as outlined in item 2.

4. 1 Copy Ea. - Form IH-212, "Application for Approval of Exhaust System Plan" for the installation of vent hoods over the additive bag slitter and limestone weigh scale.

5. 3 Copies Ea. - Drawing #7306-1, "Bag Slitter Hood and Duct (Existing fan system #9) prepared by Mr. E. E. Harvey, P.E.

PLAINTIFF'S EXHIBIT
GP-683

6. 1 Ea. - Georgia-Pacific check in the amount of $30.00 for the examination of exhaust plans as outlined in Item 5.

I trust the above information is complete, however, should there be any questions, do not hesitate to contact me at the Portland office.

Sincerely,

George Turner
Project Engineer
Gypsum Division
