Dear Dr. Gealer:

Thank you very much for your letter of October 8, 1974, forwarding your check of \$5,000 in support of the research of the Environmental Sciences Laboratory. This will be of great help to us and we are most appreciative.

I expect to be in Europe, at the meeting of the international union against cancer for much of the rest of October. When I return, it might be of interest to discuss our initial findings of garage maintenance workers, particularly those doing brake repairs and maintenance.

Could you call me at your convenience early in November?

With warm regards,

Sincerely yours,

J. J. Selikoff
