

INTERROGATORY NO. 72: Did any warning of any type concerning the products listed in response to Interrogatory Nos 19 and 43 ever appear in any sales literature or other materials distributed or provided by Defendant, any predecessor or any related company, to the purchasers, consumers and/or users of such products?

ANSWER TO INTERROGATORY NO. 72:

Abex discontinued the manufacture and sale of asbestos-containing friction products in 1987 and no longer operates any friction product manufacturing facilities. There are no current Abex employees, officers who worked for Abex, or directors who sat on its Board during the period Abex manufactured and sold friction products with personal knowledge of the information contained in all the records and documents that might be responsive to this interrogatory.

The available information, from which Abex would prepare a response to this interrogatory, is contained in files and records maintained by Abex. To prepare a response to this interrogatory would necessitate the preparation or the making of a compilation, abstract, audit, or summary of or from these files and records. No such compilation, abstract, audit, or summary presently exists. The burden and expense of preparing or making such a compilation, abstract, audit, or summary would be substantially the same for plaintiffs as for Abex.

There are approximately 75 boxes, many of which comprise of approximately 2,000 - 3,000 pages, that contain the documents from which the response to this interrogatory may be ascertained or derived, details of which are as follows:

1. Historical material.
2. Promotional material
3. Product brochures
