Dear Bob:

I am pleased to hear from Geraldine that you will be able to attend our meeting in San Antonio. All of the plant Safety Directors, Dr. Massad, and Bob Lehmkuhl, Vice President of Operations, Conoco Chemicals, will be present at the meeting.

On the afternoon of March 4, we will be discussing the medical testing program. Scheduling is generally our biggest problem and, while no formal presentation is necessary, I would like for you to discuss the operation of your office. Also by meeting and talking to these people, you can get a better idea of our operations and particular scheduling problems.

The meeting is being held at the La Mansión del Rio, 112 College St., San Antonio, Texas (1-512-225-2581). I need you there from 2:30-5:00 PM on Wednesday, March 4. Please call me when you have made your travel arrangements or if I can be of assistance.

Yours truly,

Thomas G. Grumbles
Director, Industrial Hygiene
