FUNCTIONAL FLUIDS

THERMINOL
PYDRAUL
SANTOVAC

Sales Information Bulletin No. 68

SUBJECT: TRANSFORMER ASKARELS

DATE: FEBRUARY 24, 1972

Monsanto now supplies transformer askarel fluids directly to only those transformer makers who have signed the "no-harm" agreement.

The hundreds of annual requests for "top-up" fluid must now be supplied by the respective transformer makers. This includes a myriad of Government orders encompassing also the military.

To date General Electric and Westinghouse have not had opportunity to finalize and announce their marketing procedures to their wide-spread service shops and local district sales offices.

Pending this, orders for transformer askarel involving "top-up" for General Electric and Westinghouse transformers must be referred respectively to only the following:

A. General Electric Company
Redmond Circle
Rome, Georgia
Mr. Raymond Frahm, Mkt. Mgr.
(404) 234-0211

B. Westinghouse Electric Corporation
469 Sharpsville Avenue
Sharon, Pa. 16146
Mr. John W. Harrell, Mgr. Component Parts
(412) 981-1611 extension 3128

Westinghouse Electric Corporation
South Boston, Virginia
Mr. Richard Wareham, Mgr. Customer Service
(703) 575-7971

PLAINTIFF'S EXHIBIT 59

Where other transformer makers units are involved please refer to the name plate on the transformer to obtain the address for proper direction of the order request. Thank you.
