D. L. Mellon - 1010
P. L. Slayton - 1650

Attached is a list I compiled of account responsibilities for dielectric fluids. I would be grateful if you could check this for errors or omissions.

There have been a number of requests for information direct to St. Louis and I would like to ensure that when appropriate (i.e. in most cases), our response is via the salesman. I need to be sure I involve the right one.

Thanks for your help.
