110-STEERING BALL JOINT REPAIR KITS

- Eliminates play and looseness, makes a permanent and lasting ball joint.
- Needs no adjustment after being installed.
- Lets ball joint work freely.
- Holds accurate front end alignment by removing play.
- Seals grease in - keeps dirt and moisture out.
- Self-lubricating Washers. Steel Springs.

NOTE: Single Kit repairs upper or lower end on both sides of Car. For a Complete Repair of both upper and lower ends of Ball Joints on both sides, it is necessary to use 1 upper kit and 1 lower kit.
