Secondly, I had to complete a specialized training program in pathology, approved training program, which I did at the University of Colorado.

Third, I had to demonstrate that during that training program I had the appropriate experience, the appropriate exposure to certain diseases and procedures.

And then fourth, I had to take an examination which was a three-day examination.

Q And were you board certified, was that in 1983? Does that sound correct?

A Yes, sir.

Q That was in both anatomical and clinical pathology?

A Yes, sir.

Q Doctor, I would like to review for the ladies and gentlemen of the jury your educational background.

Where did you go to undergraduate school?

A University of Illinois in Urbana, Illinois.

Q Did you graduate -- was that sometime in
