- [REDACTED]
- [REDACTED]
- Next the upcoming PFAS restriction and the possibilities for DigitalEurope to provide input were discussed. DG GROW explained the several on-going PFAS restrictions including the opportunities for stakeholders to react: PFHxA, FFF and UPFAS. Regarding the UPFAS restriction: it is not on the Commission table yet, but Commission will carefully follow. The dossier will be submitted January 2023. At this moment, the Commission is preparing an amendment for Annex XVII regarding PFHxA. The level of detail of possible derogations were raised again.
