Dear Mr. Baier:

The men working in Plant # 8 have requested the union
To ask your dept. to conduct a dust test on the dust situation in
Plant # 8 in the near future..

This dept. uses asbestos fibers as one of the
raw materials. We feel that this creates a not only uncomfortable con-
dition but also one detrimental to the health, and well being of the
employees working in this factory..

We also would like a copy of your report if at all
possible for union files..

Respectfully Yours,

Lewis Duell
