intracompany memo

to	Dave Corkill	location	Portland
from	W. D. Brooks	location	Dallas
subject	<u>Asbestos free Ready Mix</u>	date	February 6, 1976

Denver received 22 pails of special asbestos free Ready Mix. Milt has 12 pails sent out for trial.

Gardineer tried 4 pails on their own new office in Glenwood Springs. They liked it better than the asbestos free products they've tried so far: Tri-Lite, Hi-Bond and USG.

Interior Systems used 2 pails. They like it fine and want to know how soon they can get more of it.

Both of the above seemed to like it fine.

There are 6 more pails out now with 2 other contractors that haven't given any feed back yet.

10 pails remain in warehouse for subsequent trial.

W.D. B.

WDB/kb

cc: Milt Bottorff - Denver
Neil Sanders - Denver
Bill Gettel - Tigard
Ken Brown - Acme
Sterling Clark - Acme
Ernie Reynolds - Western Region
