January 10, 1944.

Dr. Robert A. Kehoe,
Director, Kettering Laboratory of Applied Physiology,
College of Medicine,
University of Cincinnati,
Cincinnati, Ohio.

Dear Bob,

You probably know by now that the various industrial hygiene groups are planning to have their meeting in St. Louis during the week of May 8, 1944. I am hoping to be present at a preliminary Program Committee meeting in that city on January 16, to help lay the final plans for the meeting.

At this time I am beginning to develop the program for our own group, and am wondering if you could give me an idea concerning contributions from your laboratories.

I shall appreciate hearing from you on this matter.

My kindest personal regards and best wishes for the new year.

Sincerely yours,

J. J. Bloomfield

J. J. Bloomfield,
Chairman, Program Committee.
