

1 they did another study, let's look at another paper
2 from the Mount Sinai group from 1976 and just look at
3 some more information, again, on exposure to
4 asbestos.

5 This is from the article by Rohl and Langer
6 from 1976.

7 A We talked about that this morning.

8 Q Okay. Again, they looked at exposures not
9 just of the people involved in working on the brakes,
10 but exposures 10, 20, 50, 75 feet away from where the
11 brake work was being done, correct?

12 A Right.

13 Q And their exposures are from .1 fibers per
14 cc up to .8, correct?

15 A Yes.

16 Q And you also are familiar with an article
17 that is published in the literature by authors named
18 Kauppinen and Korhonen, correct?

19 A Yes.

20 Q Let me ask you to take a look at portions
21 from this if we can. Put up the title page if you
