

Elliott NOTICE

PERSONNEL NOTICE 19-73

June 25, 1973

SAFETY AND HEALTH

Effective immediately and from this point on, all employees handling asbestos material of any kind must wear a dust mask during periods of handling.

Asbestos fibers are capable of producing severe harmful effects. In this respect, dust masks must be worn to prevent any undue exposure to the fibers.

Supervisors will make certain that their employees wear the necessary dust masks when handling asbestos material of any kind.

J. Barton Delaney
