

October 4, 1976

Mr. Charles Croop
R.D. 1, Box 133
Port Allegany, Pa. 16743 Local Union 1019

Dear Sir and Brother:

I have received today the attached communication from the ICF entitled, "Asbestos Kills." I am forwarding it on to you for your file and record.

You might want to make it available for some of the other men to read. In any case please give it your close attention. It is essential our membership in Port Allegany and particularly the local officers be as well versed on this subject as possible.

Sincerely and fraternally,

George M. Parker
International President

GMP/lh
Enclosure
