YOUR REF

OUR REF CSutcliffe/AL.

Dear Sirs,

We have come across a copy of a technical bulletin which we believe to have been published some years ago by Monsanto's Organics Division. We have been in touch with Monsanto's London Office and they have informed us the Organics Division no longer exists and that the chemical, which is the subject of the bulletin in which we are interested, is no longer produced.

However, we are interested in finding out the precise date of publication of the bulletin and would be most grateful if you could provide us with this information. If possible could you tell us the dates of publication of the bulletin both in the U.S. and in Britain. The only details we have are:

"The Aroclor Polychlorinated Polyphenyls",
Technical Bulletin O-FF/1.

We look forward to hearing from you.

Yours faithfully,
