

April 6, 1970

Miss Nell Conway
600 West Orange Grove Road
Tucson, Arizona 85704

Dear Nell:

It was good to hear from you after so long a silence between us. I'm dreadfully sorry about the delay in my receipt of your letter. The first, addressed to Green Street, arrived there after Lucile and I had returned to Cincinnati (still 345 Resor Avenue, zip code - 45220) and was delayed in being forwarded because no one was in residence there at the time. The second one you addressed to Irene Campbell arrived on my desk at the Laboratory today. I believe the other, to Lucile's sister, came to our attention via a telephone call from Gladys after the first copy of it had arrived in Cincinnati, and was not forwarded. The trouble in reaching me came about, I regret to say, because of our being in San Francisco only until February 18, and then being out of circulation, so to speak, for about two weeks thereafter. I continue to work at the Laboratory in Emeritus capacity, and expect to do so for some time to come.

I have written to the Detroit Laboratory of Ethyl Corporation so as to let them know about the situation of which you have told me. I have maintained contact with them through the years and am a consultant to the management. I'll let you know as promptly as any information comes to me concerning this situation.

I write this in some haste and economy, since I am under a bit of pressure in an editing job. When I get out from under, I'll respond more in accordance with the ties of an old, established friendship.

Sincerely,

Robert A. Kehoe, M.D.
Professor Emeritus of
Occupational Medicine
