ATTORNEYS FOR DEFENDANT,
CHEVRON U.S.A. INC.

INTERROGATORY NO. 4:

Identify the contractors who worked on your premises during the years at issue, and for each, state:

- a. The type of work performed by the contractor
- b. The dates such work was performed
- c. Identify your employee responsible for monitoring, verifying, or instructing concerning these services to be performed by such contractors

ANSWER: Defendant objects to this request as it is vague, overly broad, unduly burdensome, and calls for information which is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence. In addition, Defendant objects to this request as harassing and virtually impossible to answer given Plaintiffs' definition of the term "your", and as such the burden of discovery outweighs its benefits, TRCP 192.4. Defendant has not undertaken historical research to identify and locate all present and past agents or employees of all "merged, consolidated, or acquired predecessors, divisions, subsidiaries, foreign subsidiaries or predecessors, and/or affiliates"; and then to contact and interview all such persons for information or documentation arguably responsive to this request. Defendant further objects to this request as it is not limited in scope to any particular alleged employer of Plaintiff, nor to any area where Plaintiff is alleged to have worked on Defendant's premises.

Without waiving the foregoing, please see attached copy of a contract register for the years 1979-1985. See Bates Nos. 012341 - 012362. Defendant did not maintain copies of the contracts so the type of work performed by the Contractors specifically is unknown as would be the specific employee designated at the contract liaison person. Contractors reflected in this response, if any, and on the list attached to Mr. Gamble's deposition are independent contractors, and therefore, there would be no employee of Defendant responsible for instructing the contractor regarding the details of the contractor's work.

CERTIFICATE OF SERVICE

I hereby certify that a true and correct copy of the above and foregoing is being furnished to Plaintiffs' counsel by certified mail, return receipt requested, and to all other counsel of record by regular mail, on this the 1 day of MAY, 2001.
