February 25, 1969

Dr. Keplinger
Industrial Biotest Laboratories, Inc.
1810 Frontage Road
Northbrook, Illinois 60062

Dear Dr. Keplinger:

Confirming our telephone conversation (2-25-69), please make sure that feather samples from both the control chickens and the ones fed Aroclor, Halowax, DDT, and Toxaphene are included with tissue samples from the chicken feeding studies.

Best regards.

Sincerely,

E. Scott Tucker
