

Notes on 1309th Meeting
BOARD OF OPERATORS
August 7, 1944

Item 13362 - DEHYDROL

Firm commitment was to be made for 50 tanks of raw castor oil. Has this been done?

Item 13365 - LEAD PIGMENTS

Dr. Van Stone to report on relative merits of Lead Pigments if "duration paint" is necessary.

Item 13367 - ENAMELASTIC

Consideration is being given to discontinuance of this product due to scarce raw materials.

Item 13372 - LEAD AND OIL

Mr. Coolidge still making effort to secure 1/4% pound increase in lead and oil price. Had no information on this last week.

Item 13374 - KEM-TONE PRODUCTS

Kem-Tone - Mr. Rinkoski to follow West Coast for additional orders.

Kem-Tone Trays - Messrs. Hennig and Rinkoski to determine just how many of the undelivered 200,000 Trays we should endeavor to cancel. 100,000 cancelled.
