TO : H. W. Curtis - 1740

Dr. Gaffey has been "holding" this invoice pending receipt of the final report of the WGK study from Dr. Suskind. The earlier invoices were sent to Paul Heisler for payment.

We are not recommending that the plant make this final payment until a final report is received by DMEH. However, with the year-end approaching you may want to establish an accrual account for the balance to avoid having it charged in 1983 as a new MIC expense.
