CODE 17, ASBESTINE

Akron North American Tire Plant comments are as follows:

Akron One - Presently using. Blemish paint now produced at Plant Two; plant One use 4 drums daily. Plant One expect to make their own water base blemish paint eventually and this will involve five drums daily or approximately 830 pounds code 17 per day.

Akron Plant Two - Do not use.

Albany - Average monthly usage 100 pounds. This usage will increase as Radial Tire production increases.

Barberton - 80 pounds per month.

Bloomington - Does not use.

Calgary - Does not use.

Dayton - Does not use.

Decatur - Average monthly usage 3,000 pounds.

Des Moines - 2,000 pounds per month.

Hamilton - 250 pounds per month.

Joliette - Estimate 1,500 pounds per month.

Los Angeles - 500 pounds per month.

Memphis - 150 pounds per month.

Nashville - does not use.

Oklahoma - Does not use.

Pottstown - Does not use.

Russellville - Does not use.

Salinas - Uses, but monthly usage indeterminate at this time.
