

D R A F T

HI -- I'M JANE SMITH -- MY DAUGHTER SAMANTHA WENT TO RUSSIA IN HOPES OF MAKING A BETTER WORLD FOR THE NEXT GENERATION. THAT PROBLEM IS FAR FROM BEING SOLVED, BUT MANY ARE WORKING TOWARDS SOLVING WORLD TENSION.

THERE IS ANOTHER MAJOR PROBLEM RIGHT HERE AT HOME ENDANGERING OUR ~~NEXT GENERATION~~ -- LEAD POISONING. TODAY, CHILDREN FROM INNER CITY AREAS ALL ACROSS THE U.S. ARE BECOMING POISONED FROM EATING OLD LEAD PAINT. ~~MANY CHILDREN BECOME PERMANENTLY BRAIN DAMAGED. SOME EVEN DIE.~~

NOW, THERE'S A NEW PROGRAM THAT SHOWS HOW TO SET UP A LEAD SCREENING PROGRAM IN YOUR COMMUNITY, TO HELP FIND AND TREAT THESE CHILDREN BEFORE IT'S TOO LATE. IT IS AVAILABLE TO PARENT GROUPS AND HEALTH SERVICES, FREE OF CHARGE.

FOR INFORMATION ON HOW TO RECEIVE THIS PROGRAM, PLEASE WRITE TO: LEAD INDUSTRIES ASSOCIATION, INC., 292 MADISON AVENUE, NEW YORK CITY. 10017
