if so, where?

A Yes, I am licensed in Maryland and also, I am inactive in Pennsylvania.

Q Can you describe for us what you would consider to be some of the more important committee work or community work which you are involved in as a pathologist?

A Yes, for the past 12 years I have been in charge of what goes under the name of risk management at our hospital.

That is to say, all of the issues that deal with making sure the patient care and all of the differ departments are the best possible.

I serve on what is known as the risk management committee, which reviews all untoward incidents in the hospital.

The patients -- knock wood, often don't have it happen, the patients who get the wrong medicine, the wrong medicine at the right time or the wrong time, who fall out of bed, et cetera.

We review these cases basically in an
