Dear Harry:

I am enclosing a copy of my letter to Mr. Van Every in reply to a letter which we received which was quite similar to yours.

I do not see how we can be of much assistance to Mr. Van Every in the case as I unfortunately did not see the man at any time. Such information as I did obtain necessarily came by hearsay.

I wish you would make it a point when you see "Sieb" again to tell him to follow up in Cleveland and attempt to get the information which will make it possible to locate the former Ethyl blender at the Gulf plant.

Very truly yours,
