Subject: Shanghai Health Study - Update

All,

The contract extension through 2008 with Applied Health Science (Otto Wong) has been completed. No change in the scope of work, just the timing of deliverables.

The contract extension through 2008 with Fudan University (Fu Hua) has been signed by API and is with Dr. Fu. This contract provides support for the case-control study under the direction of Otto Wong. We understand that Dr. Fu has signed but needs the signature of their contract administrator to fully execute. This will occur when the administrator returns from vacation.
