PLAINTIFF'S EXHIBIT WH-138

Mr. R. H. Dement
U. S. Plywood Corporation
55 West 44th Street
New York 36, New York

Subject: UL Program - Your Letter 1/18/61

Dear Dick:

Your letter of January 18 and Dave Baldwin's reply of January 27 has been referred to my attention and I can assure you that I am as anxious as you are to get this matter settled. I am attaching a tabulation which gives in detail the (W) cost to establish and complete this program, in regard to materials and cost of shipment.

Please note that we have not included any costs whatsoever for travel expense, overhead, engineering, etc. for our part in this program.

Column A of the tabulation shows the total dollars to be divided equally between our two companies if the cost of materials are to be included.

Column B shows the cost without material cost included.

It appears from Dave Baldwin's letter of January 27 that our original understanding was that we were not going to include cost of materials from either company. However, if you feel that this is the manner in which you would want to complete this program, we have no objections.

Please let me know your decision on this matter and we will issue an order accordingly.

Sincerely yours,

Howard W. Grosh
Decorative MICARTA Sales Manager
