Dr. Robert A. Kehoe
University of Cincinnati
College of Medicine,
Cincinnati, Ohio

Dear doctor:

In my letter to you of October 8th, I requested that you send me, if possible, a reprint of your article on lead poisoning dealing with the effects on the central nervous system, and particularly concerning cases which manifest epileptiform seizures.

Since I have not had any word from you up to this time, and since it is important that I receive this information in a very few days, will you kindly let me hear from you as early as possible.

Yours very sincerely,

EMF:JB
