For your Walls

use Washable Wall Finish,
Silkenwhite Enamel

DELICATE tints and soft mellow colors—how they do transform dingy and disfigured walls! Harmoniously blending, they are restful to the eye and add to the comfort and cheeriness of the family's hours at home.

Just the effects you want can be had by using Washable Wall Finish and at very little cost. It comes in white and twenty subdued colors, and dries without lustre.

You can apply Washable Wall Finish yourself. It's a varnish *paint*, and is far superior to kalsomine in wearing qualities and appearance. Also, because of the varnish it contains, it can be easily cleaned with a damp cloth. Can be applied on rough or smooth plaster.

On surfaces where you want a *full gloss finish*, use Silkenwhite Enamel. There are White, Ivory and other delicate tints to select from. And because of its easy-flowing properties it can be successfully applied by anyone.

Put your painting questions up to the nearest Fuller Dealer. He will be glad to advise you.
