

TRY ANACONDA WHITE LEAD and you'll never go back to ordinary kinds

It might be true that all White Leads were *once* alike—but it certainly isn't any more. All you have to do is try Anaconda, and you'll notice the difference immediately. See for yourself that it does give whiter whites and cleaner tints. Besides that, it makes paints that are more durable. And in addi-

tion, it's easier to mix. Try using Anaconda White Lead on your next job! You'll like it.
