ASGUM ROOF COATING LIQUID BLACK 35-J-13

Asgum Roof Coating-Liquid is a heavy-duty, black, oil-based, elastomeric coating that provides long-term protection for flat roofs and other horizontal surfaces. It is designed to resist weathering, UV radiation, and chemical attack. The coating is applied in two coats, with a minimum dry film thickness of 0.005 inches per coat. It is suitable for use on a variety of substrates, including concrete, metal, and masonry. The coating is available in a 1-gallon container, which is sufficient for approximately 100 square feet of surface area. For more information, contact your local distributor or Mobil Chemical Company.
