Ms. Claudette Cofta
Chemical Manufacturers Association
2501 M. Street
Washington, D.C. 20037

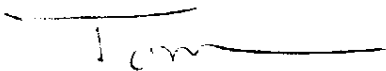

Dear Claudette:

Further to our discussion on environmental labeling at the June 4 Product Safety Committee meeting, I am forwarding copies of correspondence from the Coalition of Northeastern Governors on Model State Recycling Emblem Regulations and New York and Rhode Island proposals for establishing voluntary recycling emblems.

Although these issues are being discussed under the "banner" of environmental labeling, they are focused on the narrower issue of recycling potential or recycled sources for packaging and to a lesser degree, contents.

The CONEG information contains a "model" bill that attempts to define recycling terms and set authority for using recycling emblems on packages.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
