Burlington Northern
100 N. Mineral Avenue
Libby, MT 59923

Attention: Mr. John Swing

Dear Mr. Swing:

This is to inform Burlington Northern of W. R. Grace's intentions to modify part of your leased spur property. The location of the spur is five (5) miles east of Libby near Highway 37 on the south side of the Kootenai River.

W. R. Grace is installing approximately forty-five (45) feet of small diameter air ducting, a truck bumper, two (2) bin gates and a small amount of miscellaneous mechanical and electrical supplies.

The purpose of this modification is to reduce the amount of airborne dust that occurs while our people empty the existing dust collection hoppers.

The installation of this equipment will not interfere with the right-of-way for either the spur or the main rail line.

W. R. Grace is asking for permission for the installation of the above mentioned equipment.

Sincerely,
CONSTRUCTION PRODUCTS DIVISION
W. R. Grace & Co.
