Will you please send the organs to Dr. Cholak
in Cincinnati as soon as possible, as the time
to file a claim for compensation is nearly up.

see or check - as directed I am sending
you the containers of organs just as they
came to me. The container was not opened by
me. from Dr. Eichwald.

Could you send me reprint of your
article describing your work on determination
of metals in tissues. I saw such a copy
in Dr. Brode's office. Dr. Brode told me
you were the man to do such a job
as Dr. Eichwald's seems to be very true. (over)
