Thelma O. Kingsbury v. Union
Carbide Corporation, et al.

Dear Walter:

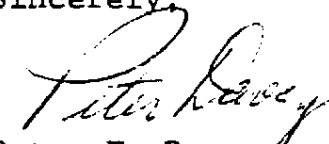

The last report that our file contains is your letter to Dr. S. Austin dated February 4, 1985. It would be helpful if you would advise whether and when we might expect some activity and what action we should expect.

Perhaps we should consider taking some action to obtain summary judgment or a dismissal at the appropriate time.

If necessary, we could also consider scheduling a meeting with Dr. Austin to review the medical literature.

Please advise.

Sincerely,

Peter F. Davey
