Subject: [EXTERNAL] X two-factor authentication is good to go

Date: Mon, 17 Feb 2025 01:55:17 +0000

Importance: Normal

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

You've turned on two-factor authentication for @DOGE_DOI

This means you'll need to use a second authentication method in addition to your password when you log in to X. You can turn off two-factor authentication any time in the Account > Security section of your X settings.

Make sure to save a single-use backup code in a safe place. This lets you log in to X if you lose your mobile phone or don't have access to any of your other two-factor authentication methods.
