ANSWERING LETTER OF

SUBJECT Inventory
Cadillac Wallpaper Company
Detroit, Michigan

We are mailing you under separate cover today the first of our inventories, this being the consigned stock located at Detroit. We have not figured the transportation as yet but thought that you would probably be interested in having these inventories as early as possible so that you could finish them and advise as to accuracy without having to have all of them at the same time.

Tomorrow we shall be able to send you another as we have finished Lincoln with the exception of having copies made. We think before the end of the week we will have several of them ready to mail.
