Asbestos Containing
Joint Compounds

S. Weiss
Rochelle Park

July 29, 1976

You received a copy of Mr. C. E. Abbey's letter of July 27, 1976 which was written in response to my letter dated July 22, 1976. A copy of my July 22nd communication is enclosed for your information.

Mr. Abbey stated that the Flintkote Supply Company has an independent policy in regard to the purchase of asbestos containing compounds. In order to complete our exposure evaluation, we would like to obtain copies of labels, data sheets, advertising materials, etc. used in connection with joint and patching compounds sold through Supply Company outlets. Also, we require information on the ingredients contained in these compounds.

It will be appreciated if you will furnish the needed information.
