Patsy:

I have a lunchtime Shell Health - Toxicology meeting on Monday morning and I am bringing the lunch !
Accordingly I might not join the call on Monday or I might be late. You should expect Jennifer to report that the Technical committee discussed Chris Hover as the QA replacement for Judy Baldwin and decided this is our choice. I think API is working the details to get the QA process back on track. I reminded Jerry and Bruce of the need for a SRP call with Otto and the need for the ERP to discuss tissues.

Have a nice weekend

Stuart
