Hi Dave,

Tim Petty has asked for a meeting at Main Interior on Monday (3/19) at 2:00 pm to talk about how to proceed with the 2D seismic data, are you available? It'll be held in conjunction with our regular weekly USGS/W&S check-in meeting but the 2D seismic will be the main focus.

Thanks!

Thanks, Dave!

Geoff: I should have copied you earlier. We're not sure if Tim wants attendance limited and purposely asked only for Dave H (from the program) or not. I'm guessing not and that he would welcome you too but I'm checking with Bill to see if he has a feel. Could you be available and on standby, depending? Thanks!

I'm available at 11:00 AM Monday. If need be I can be available Monday PM but I'll have to shift some things around, and it's also not clear exactly who's invited? Thanks for the heads-up in any case. The adventure continues.

Thanks Walter!

Dave H is the only program person that Tim asked attend the 2:00 pm meeting but I don't know yet whether that means he wants Dave H and only Dave H (from the program) there. I'm doubting so but trying to confirm so if you and Geoff could be on standby for the 2:00 pm that'd be great, but I'd say if your conflict is in any way difficult to reschedule hold off as long as you can on doing that. And, I'm not even sure whether Bill will want the 11:00 pre-meeting yet so please consider that tentative for now.

I'm sorry things aren't more definite.

Thanks again,

Judy

Not sure since I'm not sure what Tim needs, but it wouldn't hurt. I'll ask Bill and circle back if I hear from him. And in the meantime, just in case, I'll ask Margo to see if she can find and hold half an hour before 12:30 for us. Thanks for suggesting it!
