Initial arrangements have been made to have a special training course at the Transportation Test Center in Pueblo, Colorado. The class will be made up of Vista personnel only and will be held from September 8 through September 12, 1986. Fifteen participants have been planned for.

In order to start working out the details of the course with the Center, please send me a list by May 15 of names from your location who will be attending. Information on housing, transportation and equipment that might be needed during the class will be sent in the next few weeks. In addition, an agenda will be included.
