Hi Alana,

I hope you're having a great week! Just wanted to touch base to see if you have reviewed and gotten approval on the invitation? We prefer at least a week to promote an event to ensure we have enough time to get folks registered so it would be great if we could open registration today.

Thank you!
Annie

Hi Alana,

Thank you for taking the time to do a test call this morning. Attached are a few things for your team's review.

- Run of show timeline
- A PDF copy of the invitation
- Dr. Holmes' biography
- 3 Screenshots of the heritage.org landing page – unfortunately, we are not able to share a link before publishing it as live but hopefully this gives you a sense of what it will look like

We will wait for your approval on the invitation and web page before we go live and begin to promote the event. Can you pass along Administrator Wheeler's preferred headshot photo so we can include it in promotion? Also, we will set up the event and GoToWebinar will email you all directly with the link and details. Who all should receive that link? If Administrator Wheeler will be connecting from Corey's computer then we will make sure Corey receives it.

Per your request, I have included a few initial questions we will ask at the beginning of the fireside chat before jumping to attendee questions. Please let us know if you have any edits or if there are additional questions you'd like for us to include. Our team will monitor attendee questions and choose the most appropriate ones to ask Administrator Wheeler.

- What are some of the biggest EPA accomplishments during the Trump Administration that you don't think get enough attention?
- One of the big themes in your rulemakings seems to be a respect for the state role in environmental protection. Do you agree and could you provide some examples of how the EPA has promoted cooperative federalism?

Thank you for all of your help. We are looking forward to the event. Have a wonderful weekend!

Good afternoon Mike,

Thank you for your email. Is there a way for us to do a test of the GoTo Webinar system? We have never used it here at the EPA, we have only used Microsoft Teams and Skype.

Thank you,

Alana

Hello Alana- Hope all has been well. We are ready to start promoting the event, so just wanted to touch base with you all and confirm that we are still all set for July 29 at 10AM and on GoTo Webinar. We can send over the description and mock invite we are planning on sending out when we have it ready, but just wanted to make sure we are still all a go. Thank you!

We've been using GoTo Webinar so if that works for y'all then that is what we'd go with. I'll let Janine jump in if we're switching it up now for some reason.

And it would be video. We'd have his cam on and all the viewers off.

Alana-

I've attached the filled out sheet. I'm also cc'ing our terrific events team who can help with the nuts and bolts.

As for date, we defer to the Administrator's schedule. If you have a couple options then we can make sure that there is no conflict on our end.

Have a good night!
