HEAVY METAL INQUIRIES

Attached are revised lists for which heavy metal content are required. I would like information only for those formulas which are underlined or bracketed. This reduces the total breakdowns required from about 1200 to about 300.

For each formulas, I would like the following information:

- Weight percent Arsenic, Cadmium, Lead and Mercury based on total material (December 1, 1970).
- Weight percent Arsenic, Cadmium, Lead and Mercury based on solids (December 1, 1970).
- Weight percent based on total material of;

Amines*
Antimony
Barium
Beryllium
Bismuth
Chromium
Cobalt
Copper

Cyanides*
Manganese
Nickel
Phenols*
Selenium
Thallium
Zinc

(January 4, 1971)

- * For purposes of this request, use definitions found in letter W. W. Miller to E. Andre dated November 9, 1970.

Please charge 5% of the work to 7351-132-14. The remainder should be charged to 7394-487-10.

William W. Miller
