Subject: Danger Ahead

Kenneth,

Your freedom is in grave danger. The Left is always ready to steal power from individual citizens and blindly hand it over to the government. And our situation is only getting more dire - as conservatives drain the Washington D.C. swamp of cronyism, big government bureaucracy, and unworkable, unaffordable policies - liberals are getting more desperate.

That's why I am passionate about building up a new generation of conservatives - to preserve your freedom and freedom for generations to come. And I'd love you to join our cause.

When you join today - you can display your values and beliefs, and stand proud as a conservative. And for a limited time, when you become a member of the Heritage Foundation, I'll send you the historic Gadsden Flag that sends a clear message to Washington: Don't tread on me!

Don't delay - claim your reserved Gadsden flag!

Best,

Ed Feulner

President
