Mr. John Vyverberg
Owens-Corning Fiberglass Corporation
717 Fifth Avenue
New York, New York 10022

Dear John:

Last week we had the pleasure of visiting with Mr. Saxby in his Toledo Office during which time we consummated arrangements to sell our products direct to your Supply and Contracting units.

During our discussion, Mr. Saxby advised that it was your express wish not to use the present OC-110 and OC-660 bags for material that will be going to the various S. & C. units. Mr. Saxby's associates are now in the process of designing two new bags for our Cements. It will obviously take us several weeks to secure this design and order in a new supply of bags. We find that we have a small supply of bags bearing the OC-110 and OC-660 labels and we would certainly appreciate your permission to use these bags during this interim period.

We would appreciate your comments at your earliest convenience.

Thank you very much.

Sincerely,

FIBERS and MINERALS DIVISION
Engle-Picher Industries, Inc.

C. G. Morgan
